SUMMARY OF RCCI REPORTING AND RECORDKEEPING REQUIREMENTS

This chapter discusses various reporting and record keeping requirements.

NOTE: All records must be retained for the current year and the three previous years. These records must be available for audit purposes or review by the USDA or the state agency.

Keep records for current year and three previous years. When closing out the current fiscal year, discard the oldest previous year, unless you are in an audit process. Example: when closing out 2007 and starting 2008, discard the records from 2004 but save 2005, 2006, and 2007. Store records by fiscal year - July 1 through June 30. Records must be readily accessible. If a program is being audited or investigated, the RCCI must retain records for the period in question until the audit or investigation is closed.

For sponsors who are participating in Provision breakfast and/or lunch, all base year documentation (free and reduced meal applications, meal count records, reimbursement claims, etc.) must be kept for as long as the sponsor operates under the provision meal program plus three (3) additional years.
